

**BELOGORODKA, UKRAINE  
PARTIAL LIST OF HOLOCAUST VICTIMS**

The following list of Holocaust victims from Belogorodka was compiled by an elder Jewish resident from Belogorodka (living in Izyaslav as of 1999). The purpose for the creation of the list was its inclusion in the series of "Memory Books" published by the government of Ukraine. According to the author of the list, about 300 Jews (from the 600 Jews in Belogorodka) were murdered by the Nazis. This list was provided to a representative of the Routes to Roots Foundation in the Russian language by the mayor (as of 1999) of Belogorodka and was provided with no restrictions about usage or publication. The list has not been further verified. According to the Yad Vashem website, there are 127 names in their database of victims born in Belogorodka.
